You need to complete your record book. The following needs to be included:

- Summary Sheet (refer to Record Book Guidelines page 4)
- Project Story/List/Outline-Explaining what you did and learned, and any problems you had & how you solved them, examples of leadership, future goals
- These "Breeding Stock" project records.
- You may include one photo of a project animal plus 6 additional photos/clipping which pertains to your project work.

Remember to report county, district, state and national shows or events in which you participated in your project work or Activity Section of the 4-H Record Book AND make reference to that reporting in the opposite section.
