SHOW RING CODE of ETHICS
THIS WILL BE ENFORCED

The showing of registered dairy cattle stimulates and sustains interest in the breeding registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring. PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations.

The application of this Code of Ethics provides for absolute responsibility for an animal’s condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall at all times deport themselves with honesty and good sportsmanship.

It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, disease, or illegal or non-approved use of drugs, medication and/or prohibited substance, or residue.

The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.

Grooming and Preparation
Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (1994), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge’s evaluation in order to display the animal’s natural contour, conformation, performance and mobility. Specifically:

1. External applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
2. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1”. Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal’s body is prohibited.
4. Externally sealing the teat end with a preparation that does not harm the animal’s skin is permissible. Natural teat placement will be given preference over artificially positioned teats.

Violations: False, Deceptive or Unacceptable Practices
These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:

1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
2. Treating the animal, particularly the udder, internally or externally:
a. with an irritant or counter-irritant,  
b. using a device to artificially create or enhance the udder crease,  
c. using other substances as detected by testing that causes changes in the udder to  
   artificially improve the conformation.  
d. plugging of teat canal with foreign substances.

3. Surgical or unethical insertion of any matter under the skin or into body cavities,  
   performed to change the natural contour or appearance of the animal’s body (i.e.,  
   administration of fluid via a stomach tube or other similar apparatus to fill the rumen),  
   though not to preclude practices required or involved in normal management.

4. Criticizing or interfering with the judge, show management or other exhibitors while in  
   the show ring or other conduct detrimental to the breed or the show.

5. Challenging, threatening or interfering with an ethics committee appointed by show  
   management to monitor the animals on exhibit on the show grounds.

Exhibitor Responsibility
The act of entering an animal in a livestock show is the giving of consent by the owner,  
exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as “Exhibitor”)  
for show management to obtain any specimens of urine, saliva, blood, milk, or other  
substances from the animal to be used in testing. Materials may also be collected by  
ultrasound and photographic methods and by direct examination of animal.  
The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or  
absolutely responsible person (the “Exhibitor”) to have disciplinary action for violation of  
this Show Ring Code of Ethics taken by show management, the state in which the show  
occurs, and/or the national dairy breed association without recourse.

Show Ethics Committee
Each show should have an Ethics Committee. The make-up of this committee should  
include official breed representatives, representative(s) of show management (e.g., dairy  
cattle show superintendent, General Manager), the official show veterinarian, and Extension  
representative.  
The Ethics Committee will be responsible for monitoring violations of the Show Ring Code  
of Ethics. The Ethics Committee will investigate the report of any violation and determine  
the accuracy of the allegation. The Ethics Committee will have the authority to inspect  
animals and related material to determine if violations have occurred.

Violations: Reporting and Investigation
Complaints of alleged violations can be reported to the breed superintendent, the show  
superintendent, show management, and/or the Ethics Committee.

Before An Animal is Shown
If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will  
occur if the animal is shown, and that violation is reasonably well established before the  
animal is shown, the Ethics Committee will submit a report to show management.  
Show management will discuss the violation with the Exhibitor:  
1. If, at the Exhibitor’s discretion, the animal in question is not shown, no violation will  
   have occurred.  
2. If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have  
opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor  
   will be denied opportunity to exhibit the animal in question.

During and After An Animal is Shown
All animals are subject to examination during judging. The judge and Ethics Committee are  
instructed to examine the top five (5) animals in each class closely for violations of the Show  
Ring Code of Ethics. When a violation may have occurred, a milkout may be called for. This  
call may be by breed association rule, or by request of an authorized representative of the
national breed association, the judge, the Ethics Committee, or show management. If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations. Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:
- forfeiture or return of awards, prizes, premiums or proceeds;
- written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the “Exhibitor”);
- disqualification of the exhibition livestock from an exhibition;
- disqualification of the Exhibitor from the show;
- publication of offense.
Disqualification may include any or all shows and classes and may be for any number of years.

Sheep Fitting Contest Award Sponsors:

This contest was new at the Dodge County Fair in 2010. Youth must qualify for this competition by participating in showmanship during the regular Junior Show. The top four youth in Beef, Sheep and Swine Intermediate Showmanship (grades 7-9) and Senior Showmanship (grades 10 & older) qualify to participate.

This contest challenges livestock youth to showcase their knowledge and showmanship skills as they rotate through the contest and show a beef animal, a sheep and a hog to prove they are the best livestock showman at the fair. Many contestants are familiar with one or two species, but usually not all three.

This contest offers youth the opportunity to grow in the livestock project and provides personal character development, leadership experience through cooperative learning, and confidence by presenting an animal and themselves before the public.

Questions? Call Bonnie Borden, Youth Dairy/Livestock Educator at 920-386-3790.

The purpose of the Meat Animal Project is to provide encouragement to youth in developing livestock feeding projects and recognize their constructive work.

Each exhibitor, in order to sell, must participate in a number of educational activities, raise, and show an animal of top quality. The sale order is determined by a combination of live placing as determined by the judge, and the animal’s ability to produce a desirable carcass over the feeding period.

All animals purchased will be identified with a buyer’s recognition card until the end of the fair on Sunday evening. Each buyer will be listed for local media among the Honor Roll of Sale Supporters.

Questions? Call Bonnie Borden, Youth Dairy/Livestock Educator at 920-386-3790.

* focus on the flowers and plant material in the planter you have received
* keep extras to a minimum
* plant the planters full so there is no soil showing from any side
* plant similar color schemes
* if you have planted all annuals, don’t stick in just one perennial
* cut any dead flowers or brown plant material out or replant it
* try to have some height differences among the plants
This will be a yearly event so the planters will be labeled when distributed to the clubs. Clubs have a choice of turning in their planter or keeping it for the next fair. *Big Sky Greenhouse will sponsor special prizes for this category.*

Guidelines for housing and managing animals

The State Veterinarian recommends that exhibitors:

- Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event
- Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative
- Test cattle for Johne’s disease test results by ELISA test, and bring them to shows only if they test negative
- Clean and disinfect vehicles used to transport animals to and from the show, and vehicles used at the show, before and after the show
- Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling them with other stock

The State Veterinarian recommends that show organizers:

- House cattle separately from llamas, vicuñas, alpacas, guanacos, and other exotic ruminants
- House cattle separately from small ruminants, especially sheep
- House ostriches, emus, rheas and cassowaries separately from domestic poultry
- House swine separately from any other mammals
- Include a space for the premises registration code on livestock entry forms
- Provide hand-washing stations near all livestock facilities
- Provide individual watering and feeding troughs rather than common ones.
DODGE COUNTY JUNIOR
MEAT ANIMAL SALE RULES

1. Only animals properly identified by the official committee and tagged and entered in the name of the exhibitor’s IMMEDIATE family (exhibitor(s) name(s) must be listed at weigh-in) on the official entry blank at the beginning or a normal feeding period will be eligible to sell in the Junior Meat Animal Sale and participate in carcass show. All species of animals can be weighed only once. Any appeal must be registered prior to the scales closing that day.

Families may have up to 5 feeder calves, 5 feeder lambs, and 5 feeder pigs per project member weighed in and identified under the “Family” name. Members are asked to weigh-in their own project animals and families must identify project member names. Each project member may only ENTER and EXHIBIT up to two head per specie (one animal per class) at the County Fair. Project members must be present at fair weigh-in and are expected to bring project animal(s) to the scale.

After specie weigh-in at fair, each specie will schedule a fair exhibitor meeting to be held in sheep show ring to update exhibitors. ALL exhibitors need to be present.

All male animals MUST BE castrated before the first official committee weigh-in.

The Meat Animal Specie Committee on a majority vote has the privilege to correct class entry. Failure to comply with the committee's decision may result in disqualification.

2. Members/exhibitors who wish to sell livestock at the Dodge County Fair must complete a Livestock Project Member Activity Card containing the 2 county/state level meetings and 2 other level educational meetings that they attended during this project year AND attendance is required at the Pre-Sale or Post-Sale membership meeting.

3. We limit the number of animals eligible for the Dodge County Meat Animal Sale. An exhibitor who has chosen to sell a livestock exhibit at any other county or district fair (excluding State Fair and the four State District Livestock Shows) during the calendar year is INELIGIBLE to sell at the Dodge County Fair. Members/exhibitors acknowledge their eligibility when they sign the Livestock Project Activity Card. Participants who misrepresent their eligibility are subject to, but not limited to, sale premium forfeiture and future sales participation restrictions for up to three (3) years.
4. Market animals must be shown by project member and not by an adult. In an emergency, the specie Chairman may permit another Dodge County project member to show the animal.

5. Any documented physical tampering of an animal or carcass, or a practice that causes unnecessary suffering to the animal, or illegal drug use that alters an otherwise normal carcass is grounds for exhibitor discipline. The Specie Committee will determine unethical treatment.
   A. Discipline may include loss of premiums, return or forfeiture of sale proceeds, restriction of further county fair exhibition and possible criminal prosecution.

6. "Project member is limited to sell only one animal in the sale. If an exhibitor has more than one qualifying sale entry, he must make the selection of which one to sell and notify the Sale Order Committee within one hour following his last market class or by 9:00 p.m. Wednesday evening. Failure to notify committee of animal selected for sale will then become the discretion of Sale Order Committee. The typed sale order is final."Alternates may be selected to fill sale quota.

Animals sold in the sale must meet state slaughter inspection standards at sale time or sale is void. Any medical treatment after the sale should be agreed upon between buyer & exhibitor.

7. All qualifying animals will be automatically placed on the sale order unless withdrawn by the project member by notifying the Sale Order Committee prior to 9pm Wednesday evening.

8. When an exhibitor has 2 show champions he must choose which animal to sell; the other may be replaced by a sale champion.

9. All market animals are to remain on exhibit and the responsibility of the project member until release time 6 p.m. (including feeding and care of his animals for the entire period). Meat animals sold in the auction will be released earlier than general exhibits on Sunday. Exhibitors are still responsible to see that the exhibit is loaded onto the proper vehicle. Failure to comply may result in premium removal. Sale Committee is responsible for the market value of the project animal only during the period of time the committee is handling the project animal.

10. Each auction participant MUST give a pre-stamped buyer ‘Thank you’ to the specie committee before end of fair or NO auction check will be given.

11. A sales commission of 4% will be deducted from the selling price of the sale animals to be used for sale promotion and buyer
recognition and other expenditures authorized by the Meat Animal
Sale general membership, plus the appropriate Beef and Swine
mandatory national marketing check off values.

12. Any animal donated back for resale will be sold at close of the
regular sale and the usual sales commission will be deducted.

13. The Member must present the livestock exhibit for sale. Failure to
do so without notification may result in sale elimination & an
alternate animal sold. *In an emergency* Specie Committee may
allow another Dodge County project member to sell the animal.

14. The Sale Committee will assist project members to move out non-
saleable animals if overcrowding is a concern at the fair.

15. All grievances must be presented in writing to the Specie
Committee within 24 hours after the Show, who in turn will present
the same to the Sale Committee and return its decision in writing to
the interested party, at the Committee's earliest convenience.
*Discipline may include loss of premiums, return or forfeiture of
sale proceeds, restriction of further county fair exhibition and
possible criminal prosecution.*

16. Only one member per family may serve at any one time on the

Live Placing 70%  Rate of Gain 30%  *Use Live Placing to break ties

MARKET LAMB
Sale Order will be determined by: judge’s points assigned during the live show (1-50), and then live placing. Must have 30 or more judge’s points to sell.

If necessary, a sale champion will be chosen by the judge.

MARKET HOGS
- Sale order placement will be determined by using the following formula: .3 points for every # of weight gained+live points received from judge (max. 100)
  
  **Example:** Hog gains 193 #’s and receives a live score of 86 points from the judge; 57.9 + 86 = 143.9
- First tie-breaker is live points received from judge.
- Second tie-breaker is rate of gain.
ATCP 160.02 Premium requirements.

1) GENERAL.

(a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.

(b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.

(c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.

(d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.

(e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the
same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.

(f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) Premium lists.

(a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).

(b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

(3) Entry fees.

(a) A county or district fair may charge an exhibitor an entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets.

(b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

(4) Split fair dates.

(a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if
the fair organization justifies the split dates based on extreme hardship. If
the department approves split dates, all blue ribbon winners shall repeat
their demonstrations or exhibits at the regular fair dates unless the
department grants a hardship exemption. An exhibitor may use audio-visual
media, still photography or an educational display to repeat a demonstration
or exhibit.

(c) The department may pay state aid for the following exhibits or
contests in a fair having split dates, regardless of whether the department
approves those split dates in advance:

1. Clothing revue.  2. Demonstrations.  3. Favorite foods revue.  4. 
Dogs.

5. Small animals.  6. Rocketry.  7. Shooting sports.  8. Other exhibits
and contests that are similar to those identified in subds. 1. to 7.

ATCP 160.03 Exhibition requirements.

A county or district fair shall meet all of the exhibition requirements of
this section to be eligible for state premium aid.

(1) No fair society or other organization sponsoring a county or district
fair shall require an exhibitor to become a member of the organization in
order to enter an exhibit at the fair, nor shall the sponsoring organization
make any deduction from an exhibitor's premium as a donation to the fair
society, or require an exhibitor in any other way to make a donation to the
society.

(2) State aid may not be approved for out-of-state exhibits or for
separate classes of local and non-local exhibitors. Aid may not be approved
for payment of premiums to an exhibitor having an out-of-state address but
claiming Wisconsin residency unless the fair secretary provides the
department with an affidavit that the exhibitor's residence is geographically
located within the state.

(3) State aid may be paid only on articles or animals actually on display
in an exhibit building or actually shown in the show ring on regular fair
dates unless approval for split fair dates is obtained under s. ATCP 160.02
(4). State aid may not be paid on Dairy Herd Improvement Association
records, transportation aid, production contests or other special educational
exhibits unless prior approval is obtained under s. ATCP 160.04 (8).

(4) State aid may not be paid on exhibits removed from the fair grounds
before 4 p.m. of the last day of the fair, or such other later time as may be
specified by the fair, without prior approval of the department. Authority for
earlier removal may be granted by the department in case of meat animal
sales or other special classes, if requested before the beginning of the fair.
In other hardship cases, approval may be granted by the local fair. Exhibits
in dog obedience and small animal pet classes may be judged during the
regular fair but are not required to remain present during the entire fair. The
local fair may prescribe the length of time junior fair exhibitors of horses
shall keep their animals on the grounds.

ATCP 160.04 Junior fair division; general.

(1) In the junior fair division, the department may pay state aid on
prizes offered to exhibitors who are under 20 years of age on January 1 of
the current fair year. A county or district fair board may establish subgroups
within a junior fair entry class based on the exhibitor's grade in school. The
department may not pay state aid on prizes for club parades, club floats,
song contests, or a project which is not an exhibit or demonstration at the

(2) All exhibitors in the junior fair division shall be members of 4-H,
FFA, a scouting program, a breed group, or another recognized youth
organization under adult leadership that has an education program
appropriate to that organization and is approved by the fair board.

(3) Exhibits in the junior fair shall be the product of the exhibitor's own
labor. An exhibit may include a study project, merit project or other special
project, a skill area, or a supervised occupational experience in which the
exhibitor is regularly enrolled, provided that the fair board approves the
project, skill area, or supervised occupational experience as an exhibit.

(4) State aid may not be used to award more than one premium to any
exhibitor in any department in the junior fair division, except that:

(a) A premium may be awarded to each member of a group that
collectively owns and enters a livestock exhibit in departments one to 5 of subch. IV.

(b) An exhibitor may receive a separate premium for showmanship where authorized under subch. IV.

(c) An exhibitor may receive more than one premium in a department for which additional premiums are specifically authorized under subch. IV.

(5) Under subch. IV, within each of the junior fair departments 9, 10, 13 to 16, 18, and 20 to 29, a fair board may establish one or more entry classes for self-determined projects that are related to that department. The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project or an alternative project that follows 4-H project guidelines, and to members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system. For each entry class, a fair board may pay first-place to fourth-place premiums at any of the following levels designated by the board:

(a) Premium level one: $2.00, $1.75, $1.50, $1.25.
(b) Premium level 2: $2.50, $2.25, $2.00, $1.75.
(c) Premium level 3: $3.00, $2.75, $2.50, $2.25.

(6) If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.

(7) Special educational exhibits may [be] established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.

(8) Within any junior fair department under subch. IV, a county or district fair may establish special classes where none are specified under subch. IV. Special classes may include classes for grade and crossbred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under subch. IV.

ATCP 160.07 Classes; general requirements.

(1) Classes may be combined if the number of entries in several single classes is insufficient. If any classes are combined, state aid shall be limited to the maximum total premiums listed for a single class of animals, items or articles in that department.

(2) (a) Except as provided under par. (b), no county or district fair may receive state aid for premiums awarded for sexually intact male dairy cattle, beef cattle, sheep, goats, swine or horses unless those animals are registered purebreds. Registered purebred status shall be documented by a certificate of registry from the appropriate breed association or society, or by a copy of the application for registration.

(b) Paragraph (a) does not apply to dairy cattle exhibited at a county or district fair if a national breed association certifies that those dairy cattle are recorded in that breed association's qualified herd book which records the genealogy of that breed.

(3) Any animal entered as part of a group class may also be exhibited in a class for individual animals.

(4) Boars may not be entered as an exhibit in the swine department unless their tusks have been removed.

(5) The age of an animal, for purposes of determining its entry class under this chapter, shall be determined as of the opening day of the fair.

Judging shall be done in accordance with the requirements of s. ATCP 160.92 (3) (a). (2) Each judge at a county or district fair shall be provided with a copy of the fair’s premium book or list of entry classes at least 7 days prior to the opening date of the fair.

(3) No animal or article, irrespective of the number of entries in the class in which it is entered, shall be awarded a higher rating than its merit would entitle it to in comparison to the standard of perfection in the class.

(4)

(c) The number of awards in the last group placing may be increased to the extent necessary to give awards to all exhibitors.

(5) If any class of exhibits at a county or district fair is judged according to the regular system, the judges for that class may give only one first-place, one second-place, one third-place and one fourth-place award in that class.
